

Re: Solid Waste
Cuyahoga County
Inland Landfill

US EPA RECORDS CENTER REGION 5

454833

Mr. Richard D. Roberts, Supt.
Wastewater Pollution Control Department
City of Solon
6315 S.O.N. Center Road
Solon, Ohio 44139

June 4, 1980

Dear Mr. Roberts:

Your request to dispose of 3/4 CYD of screenings, 1/2 CYD of grit, 2 1/2 CYD of grease and 16 CYD of vacuum filter cake at about 30% solids at the Inland Landfill has been reviewed. This office have no objection to your proposal providing the following conditions are adhered to:

1. The residues should be handled similarly to the sludges currently received at that facility.
2. If the Cuyahoga County Health Department or this office feel that the sludge is not being handled properly or is adversely affecting the landfill, then no sludges shall be received after the landfill is notified.
3. The general volumes of the residues should not exceed those in your May 13, 1980 letter.

Sincerely,

Lynn A. Clark, P.E.
Section Chief
Office of Land Pollution Control
Northeast District Office
